blinkql

Talk title, in sentence case.

Speaker name · Event · 14 October 2026

01

Why the browser is enough.

One idea per slide, as a sentence

- Say the point in the heading, then support it with two to four lines
- Use sentence case, and skip full stops on these lines
- Keep the lamp for what matters: one signal per slide
- Prefer a live demo or a real screenshot to a diagram

Ask the file a question

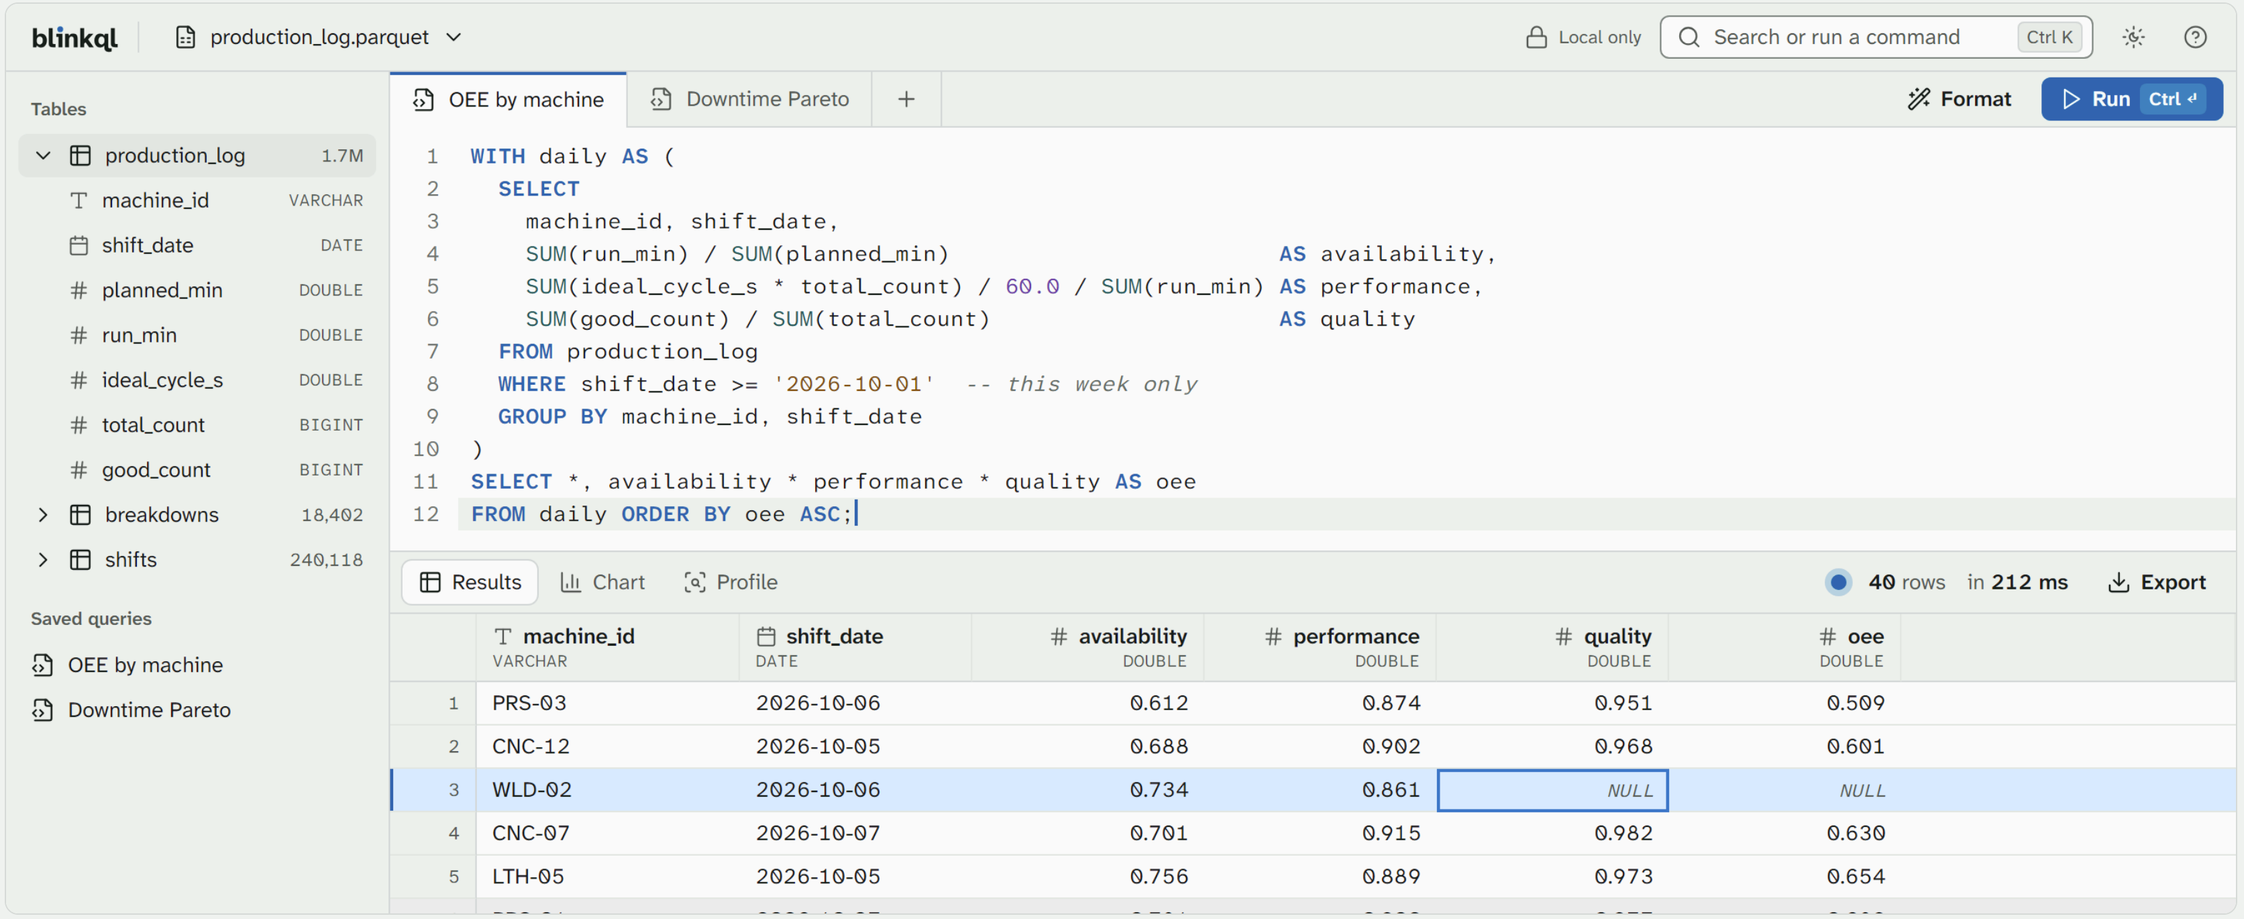

```sql
SELECT machine_id,
       avg(oee) AS oee
FROM 'production_log.parquet'
WHERE shift_date >= '2026-10-01'
GROUP BY machine_id
ORDER BY oee LIMIT 5;
```

5 rows in **212** ms

212 ms

One big number per slide, with a line saying what it measures and how
